Decision of Claims for Existing Unit which had undergone Substantial Expansion under NEIP'97/NEIIPP' 07:

The Member Secretary has placed 30 (Thirty) Nos. of claims of 3% CISWC under NEIP' 1997/ NEIIPP' 2007 before the committee. The Chairman stated that DPIIT vide notification dated 18.06.2014 has decided that the quantum of interest subsidy admissible in case of 'existing industrial units' which had undergone substantial expansion under NEIP' 1997/ NEIIPP' 2007 will be 3% of the increased in working capital loan actually drawn after undergoing substantial expansion over and above the average of the working capital loan availed by the industrial unit during two financial years just preceding the date of commencement of commercial operation after undergoing substantial expansion.

The Chairman further stated that few units which had undergone substantial expansion during the period under NEIP'1997/NEIIPP'2007 were aggrieved with the the notification dated 18.06.2014 and approached the Hon'ble Gauhati High Court and Hon'ble High Court gave a verdict on 22.05.2018 to set aside the DPIIT notification dated 18.06.2014 and quashed it.

In the meantime, DPIIT vide letter dated 15.02.2023 has clarified that henceforth the quantum of interest subsidy eligible in the case of an existing industrial unit which has gone for substantial expansion under NEIP 1997/NEIIPP 2007 will be 3% of the increase in working capital loan over and above the average of the working capital

loan availed by the industrial unit during two financial years just preceding the date of commencement of commercial operation after undergoing substantial expansion.'

In light of the above direction by DPIIT, these proposals are processed as per guidelines and placed before the SLC.

After examining the statements of claims and threadbare deliberation by the members, the committee accordingly disposed off all the 30 (Thirty) Nos. of claims of 3% Interest Subsidy on Working Capital (CISWC) under NEIP'97/NEIIPP, 07 with the decisions as appended at **ANNEXURE-I**.
