The Claim was placed in the 53rd SLC held on 30.10.2018 and the Committee deferred the claim and directed Commissionerate to re-verify by Sr.officer. Accordingly the G.M,DICC,Tinsukia submitted status Report along-with expansion details and placed for decision. The claim was again placed in the 56th SLC held on 11.02.2019 and as per statement it is found that there is no substantially increase in production and IT return submitted one year after compared to one year prior expansion. Hence the claim was rejected. The unit re-applied for re-consideration and re-submitted expansion details. The claim was placed in the 60th SLC held on 10.10.2019 and it is found that IT return is reasonably low compare to other parameters. The Committee directed to be check inconsistencies of IT return by Sr.Officer. Sri K.M Das, Additional Director(US) checked and submit report an placed before the Committee for decision.

Note on Income tax variation:

1. The period 2016-17 covers part period to expansion and part period post expansion, as such part profit post expansion is also included therein.
2. There was vast fluctuation on steel price during 2016-17 and the company has made profit due to price fluctuation during this period.
3. The unit has received excise refund and other subsidy during 2016-17 thereby resulting in higher Income Tax payment in 2016-17.
4. The normal profit percentage has actually increased from about 2.6% pre expansion to about 4.88% in post expansion.
5. The actual production and GST payment has actually increased substantially post expansion.
6. Although on comparison of growth of Income tax post expansion with one year pre expansion i.e.2016-17 (which is a mix of pre-expansion and post expansion period) shows decline. The Income tax payment in general is showing increasing trend post expansion. The income tax payment of completed years post expansion shows growth of 94.83% in 2017-18 and 167.45% in 2018-19 over completed year pre-expansion i.e 2015-16

1) The claim was placed in the 52nd SLC dtd. 26.09.2018 and the claim was rejected as there is no increase in power and employment one year after expansion compared to One years prior to expansion. The unit has re applied for consideration of their claim with reasons and decrease in IT, power & employment. Accordingly the claim was placed in the 60th SLC dtd. 10.10.2019 and the committee observed that IT return has drastically reduced and the increase of power and employment is also not up to the mark. Hence the committee deferred the claim and directed to re-verify the claim by a Sr Officer.

As directed by the 60th

SLC held on 10-10-2019, the claim have been examined by Addl Di(US) and examine the justification relating to IT return, power & employment and found as below.

1) **IT Return:-** The unit has stated that income tax return prepared as whole of the company (calculating 14 nos units) and due to loss of the company, Ghoirallie, Tea Estate profit / loss not calculated separately in the income tax returns.

2) **Power:-**

The unit had installed power saving automatic machines during expansion period, so it is also relevant that substantial units have saved through these new and newer machines. The contract demand of power has also been increased by 10.28% in anticipation of higher production. The consumption of electricity (both ASEB & Generate) has increased by 22.98% in Financial Year 2017-18 as compared to 2 years financial year 2015-16, which was earlier also placed in the SLC.

3) **Employment:-** The efficiency of the new automatic machines has overall increase the manpower to an extent of 5.59% as compared to years 2015-16 (same with earlier submission) We may place it before the SLC for considering their justification of decrease of IT / power etc. The claim is placed before SLC's decision.

The claim was placed in the **58th SLC dtd 06.04.2019** and as per statement it is found that there is no substantial increase in production submitted one year after expansion compared to one year prior expansion. Hence the committee rejected the claim. Now the unit has submitted prayer application for re-consideration of their claim as stated that they have gone into commercial production on 10.01.2017 and considered FY 2016-17 as expansion year. But during FY 2016-17 the unit on expanded capacity for less than 3 months. So while comparing period post expansion figure than could not be substantial increase in production. So the unit prays for consideration FY 2017-18 as post expansion year as it is only FY 2017-18 that unit had operation on expanded capacity for full year. Placed before the Committee for decision.
